

I am concerned about the proposed LPFM service affecting my ability to hear K-Love radio. I am a listener and financial supporter of K-Love radio, and I feel very strongly that it is a valuable service for people across the country and around the world. It offers music not necessarily available by local Christian radio stations, and it also offers information on events taking place around the country that may be of interest to listeners. Please do not allow this valuable resource - and freedom to choose - to be stripped from the American public.
